## **NORTH FRESNO PRIMARY CARE USES COMPUMED TO IMPROVE PATIENT CARE**

LOS ANGELES, CA (May 6, 2014) - CompuMed, Inc. (OTCPink: CMPD) announced that North Fresno Primary Care of Fresno California and its network of clinics are using CompuMed Enterprise Telemedicine Solutions to improve patient care and lower costs. With CompuMed, North Fresno Primary Care has a single source for its telecardiology and teleradiology needs.

"We use CompuMed for all of our echos, x-ray, and vein studies. Their cloud-based telemedicine platform enables our clinical team to easily upload studies and have them interpreted by CompuMed's Board-Certified specialists within 24 hours. We value our partnership with CompuMed because of the credentials and experience of their specialists. Furthermore, their customer support team is easy to work with and very responsive. With CompuMed's Enterprise Telemedicine solution we can offer more types of exams in-house, which enables us to provide superior clinical care and is a prudent financial decision," said Dr. Juan Bautista, Founder of North Fresno Primary Care.

"Dr. Bautista and his team are progressive in the manner in which they're leveraging our Enterprise Telemedicine Solution to improve patient care while reducing costs. They've proven the telemedicine model in both their rural and urban clinics and their patients are realizing the benefits. It's an absolute pleasure working with them because they care deeply for their patients and are forward thinking in their delivery of medicine," said W. Scott Rombach, CompuMed's President and CEO.

Details of CompuMed telecardiology and teleradiology solutions can be viewed on it's recently re-launched website at [www.compumedinc.com](http://www.compumedinc.com). ---

## **Forward-Looking Statements**

Statements contained in this report, such as statements about revenue, operations, and earnings growth and other financial results are forward-looking statements pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. All such forward-looking statements including statements concerning the Company's plans, objectives, expectations and intentions are based largely on management's expectations and are subject to and qualified by risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements. These statements are subject to uncertainties and risks including, without limitation, product and service demand and acceptance, changes in technology, ability to raise capital, the availability of appropriate acquisition candidates and/or business partnerships, economic conditions, the impact of competition and pricing, capacity and supply constraints or difficulties, government regulation and other risks identified in the Company's filings with the Securities and Exchange Commission and OTC Pink operated by OTCMarkets. All such forward-looking statements are expressly qualified by these cautionary statements. The Company expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements to reflect events, conditions or circumstances on which any such statement is based after the date hereof, except as required by law.
